

Dear Sheriff Johnson,

I'm writing to Request an internal affairs investigations, in Regards to a incident on 12-11-16 involving "my belief wrong and improper doings by 2 of your deputies, #98 Alton Benian #205 moye". I can provide more than adequate evidence to show that not only false arrest, charges that were known to be untrue by A. Benian also, that I was tased while standing 20 ft from the deputies complying with out hesitation by 20 yo Deputy moye, 2 of 4 Deposition are in moye sticks to his story of a tale of complete fiction, A Benian didnt show for his Deposition but is Requested to do so again on 6-1-17 today, there is 5 different story mine, 3 deputies and the clerk at the Days Inn in Navarre Fla. there was an open recorded line to the OCSO during the whole incident 1 of 3 calls, they dispatched SR SO, at No time did OCSO Request a mental health check on me, Deputy Benian lied saying I was trespassing, broke my room door open standing just inside the door way from 20 ft away as I'm on the phone w/OCSO I'm told drop the phone, I complied, put your hand up, again I complied &

With no hesitation as I'm standing with my hands in the air nothing on but a T-shirt & underwear I hear a pop I then go down faced face first on the hotel bed, Beniam walks over tells me to put my hands behind my back I comply again immediately he cuffs me grabs me up by my right arm and escorts me to a car 100 ft away by the Hwy 98, at no time did I resist and at no time did I batter the deputy, he sought with the Room door not me, #188 Deputy Tuslar was Present, I don't think he realized that I wasn't trespassing, his story differs a lot from his Depo than moye, who clearly describes what amounts to a circus, never did I speak or scream at the deputies mind you I'm on a recorded line to OCSO, my discoury only show = I call to OCSO the last one needs reviewing, I only have a P.D who agrees the stories don't fit, but seems to taking a lot of time sorting this mess out, while I sit here in the jail, there is a bit more but I want you to receive this Monday. I'm hoping you being newly elected that like the jail, problems with employees can be reviewed and taken care of properly I am putting my faith in that what I hear about you and deputy Tuslar is true, and that I came to right person for help. Thank you Sincerely,
